Stop that  
water drop

Rain Barrel  
Sale

Brought to you by the  
Winnebago County Soil and  
Water Conservation District

## Stop that Water Drop!

These barrels are Food Quality High Density Poly Ethylene Barrels that were previously used to ship pickled food overseas.

All barrels have a garden hose size spigot at the bottom, two overflow fittings, and a screw-on mesh lid to keep out debris and mosquitoes.

The SWCD is also selling additional accessories that will make for easy installation.

Rain barrels are an excellent way to help the environment in urban areas because they reduce storm-water runoff which can carry pollutants and sediment directly to creeks and rivers.

The barrels also save you money and precious groundwater supplies. The free stored rain water that is naturally soft and free of chlorine is great for use in gardens, houseplants, lawns and trees.

## Rain barrel Components

All barrels come fully assembled

The removable screen mesh lid on all rain barrels

Overflow spigot

Overflow spigot

Bottom drain plug

## Accessories

**Linking Hose:** used for attaching multiple barrels together.

**Flex Elbow:** 2x3 (residential size)-for connecting downspout to barrel opening.

**Rain Barrel Pedestal:** raises rain barrel about a foot off the ground to aid gravity and ease access to spigot.

## Price Menu (no tax)

Rain Barrel.....	\$70.00
(black, terra cotta, grey, blue)	
Pedestal.....	\$25.00
Linking Hose.....	\$10.00
Flex Elbow (white or brown).....	\$5.00

**To purchase items:** call the SWCD office Monday through Friday 8am-4:30pm at (815) 965-2392 ext. 3 to verify we have the color you want in stock. (Sometimes popular colors sell out before we can get another shipment).

After confirming our stock, we will arrange for you to come to the SWCD Office, where the barrels are kept in stock year-round.

Rain barrels will fit in the back seat of most vehicles, rather than the trunk.

If you purchase more than one barrel, we will discount each barrel by \$5.00.
